## QMA Connector Series

We supply quality **Microwave Coaxial Connectors, Adapters, Cable Assemblies, DC Blocks, Shorts, Terminations, Attenuators, Phase Adjusters** and much more.

Now with over **2,500** product types!

The QMA series, member of the Quick Lock family, is the new innovative snap-on generation of brass SMA connectors. QMA (Quick Lock SMA) enable fast, secured and easy matings with minimum space requirements. The QMA series are the perfect alternative to SMA and N connectors in new generation telecommunication systems as well as in many other RF applications.

**Part #:** QMA-JC50-3-2  
**Name :** QMA Male Crimp For RG223  
**Copper pipe/ Sealing / Boyd :** Brass  
**Insulator :** PTFE

**Part #:** QMA-KW50-3-2  
**Name :** QMA R/A Male Crimp For RG223  
**Copper pipe/ Sealing / Boyd :** Brass  
**Insulator :** PTFE
